

## Mandatory Vision and Hearing Opt Out Form 2018-2019

The California Department of Education requires Mandatory Vision and Hearing Screening of all students in Kindergarten, 2<sup>nd</sup>, 5<sup>th</sup>, 8<sup>th</sup> and 10<sup>th</sup> grades. Because vision and hearing greatly impacts a student's ability to learn, the State of California requires these screenings to ensure that every student is able to fully access his/her education.

We will be performing Mandated Vision and Hearing at your child's school next week. If your child receives routine vision and hearing screenings from a medical provider and you do not want your child to participate in the Mandated Vision and Hearing Screening, please fill out the information below and attach a copy of your child's hearing and vision results performed by a licensed healthcare provider. Please return completed form and copy of results to the Health Office by 10/22/2018.
