
Spanish Language and Culture/ Music Theory Exams

DAC APP

DAC APP

-This is the Digital Audio Capture App that College Board uses for both of these exams

-It has already been downloaded to School Chromebooks -
you can not download it on personal computers

-If you do not have a school chromebook you need to email me at Amy.Kivett@smusd.org to let me know you need one for testing.

Where's the APP?

- Log out of the chromebook so you're sent back to the sign in page
- Go to the lower left hand corner and it will say apps
- Click on it and go to the DAC app
- Sign in to make sure that it works for you!

*If you don't see the app - restart your computer and see if it shows up then. If not, email Mrs Kivett: Amy.Kivett@smusd.org

Practice Before Exam Day!

Why?

- You'll know how to use the app on exam day - bring your chromebook with you on exam day!
- You'll know if it is currently working
- You'll be able to troubleshoot problems!

Here's the link to the app overview to help - on the next page there are explanations to get you started - this link has the page that will be discussed on the next page:

<https://apcentral.collegeboard.org/pdf/ap-dac-app-overview-chromebook.pdf?course=ap-spanish-language-and-culture>

Section 5: Practice Before Exam Day

AP coordinators, students, and proctors are encouraged to practice using the DAC app before exam day. The following information **applies only for practice with the app**:

- For practice only, to activate the app you must use the activation code: **PRACTICE**
(On exam day, schools **must** use their school-specific DAC Activation Key, available to the AP coordinator after they set up access in the DAS portal; see page 6. The practice code will **not** work on exam day.)
- For practice, use the practice Section II orange booklet covers on either pages 27 or 28 to scan the barcodes for the **AP number** and **Item number** on the **Collect Student/Exam Information** screen. The practice covers may be printed and provided to any students and staff practicing with the app.
 - ◆ The Spanish Language sample cover on page 27 should be used for practice for any World Language and Culture exams.
- During practice, if a recording cannot be heard and the person practicing needs to re-record, refer to the steps for [Recording is Inaudible](#) on pages 16-17, and use the **Proctor Code** on the sample master CD case on page 29, which may be printed and provided to any staff practicing with the app.
- If you would like to practice using the app to record a full sight-singing or speaking section, visit the [Course and Exam Pages](#) on **AP Central**. Click the link for the AP course you want to practice and navigate to that course's Exam page. On the Exam page, you can access free-response questions and audio prompts.
- When you use the DAC app for practice, the app will only mimic the direct upload step. Files will not actually upload to the DAS portal and will not be saved on the iPad.

Refund?

Are you planning on not taking the exam:

Email me and let me know! Amy.Kivett@smusd.org

The two testing dates are May 11 and June 4. Both exams are in person at Mission Hills. Let me know asap if you are signed up for May 11 but would prefer June 4. There's still time for that change.

Any Questions?
